Federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account or others who may be authorized to act on the account. What this means for you: When you open an account, we will ask for your name, permanent street address, date of birth, government identification number and other information that will allow us to identify you. We may also ask to see your driver's license or other identifying documents. Corporate, trust and other institutional accounts may require additional documentation. If we do not receive these required pieces of information, there may be a delay in processing your investment request, which could subject your investment to market risk. If we are unable to immediately verify your identity, the Fund(s) may restrict further investment until your identity is verified. However, if we are unable to verify your identity, the Fund(s) reserves the right to close your account without notice and return your investment to you at the price determined as of 4:00 p.m. Eastern Time on the day that your account is closed. If we close your account because we are unable to verify your identity, your investment will be subject to market fluctuation, which could result in a loss of a portion of your principal investment.

I am interested in the electronic receipt of account documents. I understand that I must enroll at [TouchstoneInvestments.com](http://TouchstoneInvestments.com) once my account has been established in order for this service to begin.

**If you prefer to receive paper documents:** Unless the box below is checked, by signing this Application in Section 9, you authorize each Fund to send only one copy of each Prospectus and shareholder reports to multiple shareholders in your household with the same last name.
